Crumb Grabblings

Have you ever thought you were so busy that one of your tasks never left your To Do list? That is me and writing Crumb Grabblings. Every three months has been my commitment which means that I am about a year late.

Since we added Professional Foodservice and Northwinds Aviation Foodservice to our Twin City Catering and Picnics Plus! divisions two years ago, business has been wonderful. Our Twin City Celebrations division has also really taken off. 2006 was the best year we have ever had but it will not be as good as 2007.

We have added a lot of fun for you to enjoy. Our www.picnicsplus.com website has new games, new menus, fun for everyone. Las Vegas is the furthest we have gone and our largest event has been for 13,000 people and we still cater picnics for twenty people, Doing It All The Best For You! Our new Picnics Plus! Planner is ready. If you have not received a copy, let us know by phone or email. Nine succulent menus, tons of games and fun, and all with pricing that will impress you. We would love to meet with your committee, bringing a lunch from one of our menus.

When you go to www.professionalfoodservice.com you will see our New Corporate Menu that is hot off the press. We offer more selections with a better value than any menu I have seen. PFS, which is our largest division, continues to be one of the most prominent corporate catering companies in the Twin Cities, providing quality food brought to you by our professional culinary and delivery crews.

We have a huge clientele that knows how good our food is! You can see our vans are all over the entire Metropolitan Area every day of the week

Check out www.twincitycelebrations.com and see the many upscale offerings from our fastest-growing division. We are now a preferred vendor at many locations including Drs Lodge in Golden Valley, Eagan Community Center, Shoreview Community Center, James J. Hill Library in St. Paul, Edinborough in Edina, Metropolitan State University in St. Paul, National Sports Center in Blaine, Gale Woods Farm in Minnetrista, Elm Creek Chalet plus all of the other parks and venues for the Three Rivers Park District. We also have our Signature Venue by the Mississippi just north of downtown Minneapolis, where we can easily seat 500 people for dinner. Our explosive growth has come from the wonderfully creative menus designed to meet our clients' needs so you can select what you want rather than what someone wants to sell you. Whatever your events - seminars, training programs, holiday and casino parties, meetings - we have a location that will work for you with the best food you will find anywhere.

If you go to our www.northwindsafs.com website, you will see why we continue to be the best private aviation caterer in the state. Northwinds caters to corporate jets, sports teams and entertainers so anyone who is looking for exceptionally wonderful food for their private aviation travels is likely to be one of our customers.

Not bad for a little company that started with one minivan with a tiny storefront operation fourteen years ago.

Fourteen years ago??? Oh, my!

Our crew continues to grow and improve. Even the Junior Crew is growing! Remember Sunny? If you have been reading Crumb Grabblings for the eight years that is has been (sporadically!) written, you may remember when Sunny joined us six years ago. She is now in kindergarten, getting tall like her Daddy. Her Mom tells me that when I buy clothes for her, she tries them on and they fit perfectly but by the time she takes them off, they are too small! Charley, Sunny's little sister, joined us a year ago, just before their cousin, Alexa, debuted with her Big Brother, Jackson, so there now are four of Buppa's Favorites. Getting old makes for a pretty good time when it brings grandchildren into your life.

Best until next time!

Jim
